

Kai Schloßstein is the new CEO of the LHD Group

We are happy to announce that since the beginning of May 2020 there has been a new face leading the LHD Group Deutschland GmbH.

Wesseling, June 2020

Until recently, in his capacity as managing director of the Hultafors Group Germany GmbH in Germany, Austria and Poland, Kai Schloßstein was responsible for marketing the premium brands of the Swedish Hultafors Group AB.

In matters involving the subject of technological work safety in textiles Schloßstein is a competent and popular discussion partner possessing comprehensive expert knowledge. In total, more than 20 years of experience in national and international management together with almost 40 years in the clothing business combine to make him a renowned expert in the sector of protective apparel and workwear.

In addition, his comprehensive sales expertise in retail and wholesale trading, mail-order business and online trading immediately assist him in the successful continuation of all sectors of the LHD Group – involving, among other things, fire and rescue services, workwear and corporate fashion as well as police and military services.

We look forward to pleasant cooperation and exciting new projects together with Mr. Schloßstein.

Company profile:

The LHD Group Deutschland GmbH is a system partner providing holistic solutions and products in the sectors of professional and protective clothing. Whether uniforms or turn-out gear, personal protective apparel, workwear or corporate fashion, functionality, quality and a high level of wearing comfort are the benchmarks for modern and safe outfits.

With its 360° all-encompassing approach, the LHD Group Deutschland GmbH provides all of the services involved in professional clothing management. Correspondingly, the company's offer extends far beyond supplying the customer with textiles. Whether corporate fashion, workwear, or personal protection apparel, the customer is given measurable added value – from the design, via

the manufacture through to delivery and the return and refurbishment management for a multitude of textiles. Thanks to the combination of individual advice and logistic know-how based on an international approach and state-of-the-art technology, the customer is provided with a cost efficient, sustainable clothing concept. In this, each module can be chosen either individually or bundled as a package thanks to the modular construction principle.
